

## **Priority needs emanating from public consultations**

This section covers details of priority issues / problems and inputs received from the community and other stakeholders following public participation processes that were embarked upon during the planning process.

In order to ensure effective alignment between community needs and budget programs, MFMA, Chapter 4, as well as Circular 48 provide guidance on the steps in the annual budget process. Critical to the development of a credible budget are:

- a) the manner in which the strategic planning process is integrated;
- b) the input of policy directions; and consultation with the community and other stakeholders.

However, it should be noted that not all IDP Consultative Ward Based meetings that should have taken place during October/November 2020, but moved to January 2021 period as approved by Council due to Covid 19 Regulations wherein Public gatherings were suspended. As a results to this, members of public are therefore given an opportunity to assess the existing IDP Community needs below and make their inputs.

These are Key issues raised during previous public meetings and have been considered and reflected in the IDP at ward basis as outlined below.

- Provision of toilets and proper sanitation
- Paving of roads in Phase 4 (main road to Zakwe's)
- Installation and maintenance of high mast lights
- Building of public library
- Job creation through EPW and CWP
- Provision of land for residential sites to reduce informal settlements
- Construction of new taxi rank
- Tarring of roads next to the clinic as well as the main road joining with the Koppies road
- Naming of streets: Streets without names was raised as a critical issue particularly when emergency services or police intervention is needed.
- Construction of roads with storm water channels (provide bus stops on roadsides)
- Creation of internships and learnerships
- Create sports facilities and parks
- Provide free Wi-Fi
- Identify Land for Churches
- Centre for Old Age Home & Orphanage
- Establish Skills Development Centre
- Maintenance of High Mast Lights
- Establish Pay point to pay Municipal services
- Provide dustbins
- Truck for refuse collection

### Summary of Community Needs:

Emanating from the above community needs per Ward, the following issues have been identified as common and cutting across all Wards within Metsimaholo community. The table below will also serve as the basis for prioritisation of community needs against the available resources. The needs are not presented in any order of importance.

| Community Needs Raised                             | Wards Affected                               |
|----------------------------------------------------|----------------------------------------------|
| Resurfacing and Maintenance of Roads               | ALL                                          |
| Paved Roads                                        | 1,2,3,4,5,6,7,8,9,10,11,12,13,19,20,21       |
| Street naming and maintenance of road signs        | 1,2,3,4,5,6,7,8,9,10,11,12,13,19,20,21       |
| Sewer connections to households/Sewer borne system | 1,5 and 20                                   |
| Electricity connection to households               | 1 and 20                                     |
| Maintenance of Street & High Mast lights           | ALL                                          |
| Solar geysers                                      | 1,2,3,4,5,6,7,8,9,10,11,12,13,19,20,21       |
| Upgrading of electricity supply                    | 1,2,3,4,5,6,7,8,9,10,11,12,13,14,18,19,20,21 |
| Multi-Purpose Centres & Shopping Complexes         | 1,2,3,4,5,6,7,8,9,10,11,12,13,19,20,         |
| Establish and Maintain existing Family Parks       | ALL                                          |
| Establish new Landfill Site                        | ALL                                          |
| Residential sites for housing Development          | ALL                                          |

Moreover, other identified community priorities were identified not be within the constitutional mandate and competency of at the municipality competency and as such, are to be elevated to the relevant government sector departments and private or business sector for possible intervention to ensure sustainable development within our municipal area. The issues are as follows:

| Community Needs Raised (Priority Issues)   | Sector Responsible for Intervention                  |
|--------------------------------------------|------------------------------------------------------|
| Clinic & level 2 Hospital (Refengkgotso)   | Provincial Department of Health                      |
| Mobile Clinics                             | Provincial Department of Health                      |
| Housing Development / Provision of Housing | Provincial Department of Human Settlement            |
| Incomplete RDP houses                      | Provincial Department of Human Settlement            |
| Schools                                    | Provincial Department of Education                   |
| Post Office (Refengkgotso)                 | National Department of Communication                 |
| Taxi Rank                                  | Private and Business Sector                          |
| Cash ATMs                                  | Banking Sector                                       |
| Public Libraries with Wi-Fi                | Provincial Department of Arts, Sports and Recreation |
| Multi-Purpose Centres & Shopping Complexes | Private and Business Sector                          |

### Priority needs emanating from IDP Representatives Forum consultations

Metsimaholo Local Municipality is highly committed in making sure that stakeholder participation is sufficient within its jurisdiction. It has established and consistently maintaining a sound intergovernmental relations and partnership between both government and private sector.

The table below reflects the outcomes of engagements during the IDP Representative Forum (the Rep Forum) wherein all stakeholders interrogated the issues raised by the community of Metsimaholo with intent to solicit solutions and interventions for sustainable development.

**Table: Priority needs emanating from IDP Rep Forum consultations:**

| Department / Sector                    | Issue(s) Raised                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Response(s) from Department / Sector                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
